Details:

This is an entirely outdoor market on grass. It is mostly flat land. There are some trees in the market area and we can try to place you near one if requested ahead of time.

Quiet generators are allowed; please advise us if you plan to bring one so we may place your booth properly.

This market is outside of Magnolia city limits so only Montgomery County permit rules will apply.

Due to the ground under the grass field, most booths will require you to unload and move your vehicle to the vendor parking area. (We are not being mean, your vehicle would likely sink and no one enjoys having a tractor or tow truck pull them out. The church has asked us to keep vehicles on the gravel.) If you have medical issues that make keeping your vehicle near your booth necessary, please let us know in your application so we may try to accommodate your needs.

We do not have building access at this location and we will provide a fresh porta potty onsite for the market.

Any vendors who help advertise this market on social media and tag either Texas Makers Market or Dorothy will be entered into a monthly drawing for a free booth. Each post/share that we are tagged in is one entry in the drawing.
